Ted noted the Committee received a number of substantive changes after the Committee met,

#### 4.2 Adult Special Education Review

Education Council supported the review documentation and the recommendations contained within. Council suggested that a further review be looked at once again in future now that the Educational Services Division is proceeding with its realignment.

*(Subsequent to the meeting, the Chair provided the above advice to SMT.)*

#### 4.3 Academic Advising Review

In general, Council supported the recommendations included in the review but cautioned the College that peer advisors will require in-depth training to ensure they provide accurate academic advising information to students. Council advises the training should include clarification about topics peer advisors should manage on their own and, topics that should be referred to the professional Academic Advisors employed at the College.

*(Subsequent to the meeting, the Chair provided the above advice to SMT.)*

#### 4.4 Strategic Enrolment Management Planning Document

The Chair referred to the College goal to increase student enrolment from
