The following global ideas guide the design and delivery of the course.

- 1. Learning from experience is a characteristic of exemplary practitioners. Practicum settings create opportunities for students to refine their skills of reflection and adaptation in response to their practice experience.
- 2. Learning in a practicum setting provides opportunities to examine assumptions and to explore creative modes of inquiry that are not available in classroom settings.
- 3. Field settings provide opportunities to synthesize personal and classroom experiences and create openings for new learning. Learners gain both insight and practice knowledge from field experiences.
- 4. Observing, participating with, and receiving guidance from experienced practitioners is crucial for effective practice.
