Course Objectives

1. Students will become familiar with the institutions and processes of the American government: the executive, legislative, judicial and bureaucracy; federalism; the U.S. electoral and party system; and the constitution, Presidency, Congress, interest groups. Students will become familiar with the nature of American politics, culture and some of the important issues in American politics.

2. Students will demonstrate an understanding of the complex relationships between the institutions of American government and political processes.
