

M: Course Objectives / Learning Outcomes

Q: Means of Assessment

Students will be evaluated on the basis of Mastery/No Credit Granted.

1. The student, workplace supervisor, and work-experience faculty member will participate in the evaluation process.
2. The workplace supervisor will evaluate the student's work, attendance, and attitude.
3. The work-experience faculty member will make at least one site visit and do an evaluation during the work experience.
4. A minimum of 180 hours of field experience and satisfactory work production must be met to receive a Mastery grade.
5. The work-experience faculty member will evaluate the student's written final report.
