| F: | Calendar Description: This course will engage in a study of the experiences, realities, and possibilities of women's lives. It will explore both the psychological origins and psychological effects of the female role. This will be discussed through critical analysis grounded in and sensitive to the every day life experience of women in industrialized societies. It will examine female diversity and development, focussing on marriage, family, work and aging. |   |  |                        |              |  |

Subject and Course Number

## M: Course Objectives/Learning Outcomes

At the conclusion of the course the student will be able to:

- 1. List the major theoretical approaches of the socialization of women.
- 2. Discuss the development and maintenance of male/female roles.
- 3. Discuss past and current responses to sexist stereotypes.
- 4. Discuss the diversity of the female role within the social context, the home, family and workplace.
- 5. Discuss the process of aging from a theoretical position.
- 6. Understand health issues and concerns of females over the adult age span.
- 7. Redefine the female experience in light of changes within the past 10-15 years, with regards to feminist activism.

## N: Course Content

- 1. Theories and Mechanisms of Socialization
  - a) The dynamics of patriarchy: The role of myth in the development and maintenance of roles.
  - b) Equality and power in the male/female relationship
  - c) Feminist responses to sexist stereotypes
- 2. Consciousness: Concepts of the Female Experience From the Infant to the Aging Adult (0-100+)
  - a) Female diversity and development
  - b) The politics of the home and the family
  - c) Women in the workplace
  - d) Health issues and the aging process
  - e) Female friendships
- 3. Images and Visions of the Female Experience
  - a) Redefining the female experience
  - b) Innovative changes
  - c) Feminist activism

## O: Methods of Instruction

The course will employ a number of instructional methods to accomplish its objectives and will include some of the following:

- lectures
- seminar presentations
- audio visual materials
- small group discussions
- research projects
